Space & Naval Warfare Systems Command Unit Awards Contract

CHARLESTON, S.C. -- Science Applications International Corporation of San Diego, CA, was awarded a contract modification to exercise Option Year II of a Cost-Plus-Fixed Fee type contract originally awarded November 1, 1995. The base year estimated amount was \$14,530,975.00 and was a follow-on to replace earlier contracts that had expired. This contract contains four one-year option periods, which if exercised, will bring the total cumulative value of the contract to \$91,668,849.00 (total dollar amount including options). The U.S. Government and the Kingdom of Saudi Arabia have negotiated international agreements and established Foreign Military Sales Case SR-P-LBG November 25, 1990 to provide the upgrade of the Royal Saudi Naval Forces Command, Control and Communications (C3) System and ancillary subsystems. This modification is to exercise Option Year II of the contract in the amount of \$21,033,106.00. The period of performance for Option Year II shall commence November 1, 1997 through October 31, 1998. The work will be performed in the Kingdom of Saudi Arabia (100 percent). This contract was not competitively procured. Contract funds will not expire at the end of the fiscal year. Work under this contract is expected to be completed by October 2000. The Naval Command, Control and Ocean Surveillance Center, In-Service Engineering, East Coast Division, Charleston, SC, is the contracting activity (N00102-96-D-F201).
